Re: Letter of Recommendation for Charles Cook

I have known Charles and Tamara Cook since 1976 and have been privileged to work with them in India outreach and other evangelistic activities.

I believe Charles to be one of the finest evangelists and missionaries that I know in the brotherhood. He brings to the table a solid Biblical foundation, years of teaching in Bible training schools, and experience in start-up mission projects, coupled with decades of involvement in Asia.

I recommend this brother for his intended work in Singapore without reservation and believe it is unusual to get a brother with his experience and wisdom to the mission field.

Sincerely,

Gary Walker
